

# Boathooks

## Pine-Metallic

Product number: 20

A boathook in laminated pine. This strong boathook has a practical chromium-plated brass hook and handle of weather-proof plastic. Finished with special varnish. Testwinner from the Finnish Kippari magazine a couple of years back.

Length:	Shaft diameter Ø:
120 cm	32 mm
150 cm	32 mm
180 cm	32 mm
200 cm	32 mm
225 cm	32 mm
240 cm	32 mm
300 cm	32 mm
350 cm	36 mm

## Pine-Metallic-Paddlehook

Product number: 209

A practical boathook-paddle combination. The shaft and the blade in laminated and varnished pine. The strong boathook has a practical nickel-plated brass hook in the paddle end and handle of weather-proof plastic. Two in one combination for "tricky situations" as you do not need to turn it around in use.

Length:	Shaft diameter Ø:
150 cm	32 mm
180 cm	32 mm
200 cm	32 mm
240 cm	32 mm

## Mahogany-Metallic

Product number: 21

A mahogany boathook. This strong boathook has a chromium-plated brass hook that hooks virtually anything. Finished with special varnish. Testwinner from the Finnish Kippari magazine a couple of years back.

Length:	Shaft diameter Ø:
180 cm	32 mm
200 cm	32 mm
240 cm	32 mm

## Pine-Plastic

Product number: 201

A boathook in laminated pine. This strong boathook has a practical hook and handle of weather-proof plastic. Finished with special varnish. Selected as a "Good Purchase" by the Finnish Kippari magazine a couple of years back.

Length:	Shaft diameter Ø:
120 cm	32 mm
150 cm	32 mm
180 cm	32 mm
200 cm	32 mm
240 cm	32 mm
300 cm	32 mm

## Pine-Paddlehook

Product number: 42

A boathook-paddle combination with a laminated and varnished pine shaft. Blade and hook of weather-proof plastic.

Length:	Shaft diameter Ø:
180 cm	30 mm

## Punting Pole

Product number: 200

A punting pole of clean timber. Finished with special varnish.

Length:	Shaft diameter Ø:
350 cm	36 mm
400 cm	36 mm
450 cm	36 mm

The actual length including hook about 10 cm longer than in the chart.
